KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unfettered currency of others, believing that it would unbalance the country in financial ruin. We believe in a sound currency and in the use of both gold and silver for coinage, provided always that a dollar in one is made precisely as valuable as a dollar in the other.

We favor a Tariff so regulated as to protect the interests of all classes of our citizens upon articles that may be successfully manufactured and produced in this country, and to afford a good wage to all laborers who have a home market to the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will defend our country and its people against aggression and subjugation, restore public confidence and relegate to the rear the usual excitement now prevailing concerning the currency. In view of the past financial history of the country, the tendency to spend, to the neglect of the home system and external trade, we further, that the Republican party can be more safely trusted to protect the financial system of the Nation.

We favor an American policy which will protect the true American interests in any part of the world at all hazards and will sympathize with struggling Republics rather than ignorant monarchies.

HERE is a paragraph from WILLIAM LIAR WILSON's contribution to The New York World on the operations of his Free-Trade Tariff Bill:

As to revenue the operation of the new Tariff Bill ought to be satisfactory to its promoters. The customs revenue under the McKinley Bill fell from \$229,000,000 in 1890 to \$131,000,000 in 1894. True, the last year was one of widespread depression, and great allowances must be made for that fact in any comparison.

As the Wilson-Gorman combine is a Tariff for deficiency only, "the operation of the new Tariff Bill ought to be satisfactory to its promoters." The monthly average of customs receipts during the McKinley Tariff period, even including the total for the 1893-94 fiscal year, was \$17,005,774.51. The monthly average receipts for the present year have been \$13,167,533.63, a monthly deficiency of \$3,868,240.88. No doubt this is satisfactory to its promoters."

In Fall Months

Neuralgia, Rheumatism Can Now be Cured.

Old-Time Obstinate Diseases Easily Curable.

Paine's Celery Compound is the Great Specific.

It Restores the Neglected, Famished Nerve Parts.

It Replaces Worn-Out Tissues With New, Vigorous Ones.

Paine's Celery Compound is the one assured remedy for rheumatism and neuralgia that is every day accomplishing what physicians claim for it!

Both these old time, obstinate diseases are easily and permanently cured by Professor Edward E. Phelps's great prescription.

Neuralgia and rheumatism are merely names for a certain reduced state of the nervous tissues. As far as causes go, they do not much differ from nervous debility, headaches, dyspepsia and sleeplessness.

The mischief is the same in every case, a nervous system robbed of life and substance by over-exertion and scanty nutrition. The cure for all these is likewise in the same direction. Strengthen and restore the nerves to their normal condition with Paine's Celery Compound.

It is the advice of the ablest physicians everywhere.

As soon as all the countless nerve centers and fibers have been made sound and strong, not only rheumatism and neuralgia but low spirits, kidney trouble, disordered liver and heart palpitation, vanish with out a trace to remind one that their presence was not a fearful dream.

Paine's Celery Compound is its curative way. It wastes little time on the minute in reducing the inflammation of disease, but burns all its energies at once to healing the worn-out, shattered nervous tissue, filling the arteries with rich, new blood, and building up the body for life against disease.

Low spirits lose their power when the system feels the buoyancy of returning health, such as soon comes from taking Paine's Celery Compound. The rapid gain in weight that follows its use is a reasonable indication of the strengthening processes that are going on among the vital organs.

Many men and women who recommend Paine's Celery Compound do so in what, to others, may sometimes seem extravagant words. But Paine's Celery Compound has made them well!

The condition of Hon. A. P. Gooding has changed for the better.

All members of John V. Keech Council No. 16, Jr. O. U. A. M., are requested to meet in their Hall next Thursday evening at 7:30 to attend the Reception of Mayville Commandery No. 10.

FIERCE BATTLE.

Spanish Forces Defeated With Great Loss.

Government Troops Engage Gen. Jose Maeo's Men in a Pass.

Gen. Antonio Maeo Arrives and Attacks Them in the Rear, Forcing Them to Retreat—Spanish Troops Routed Next Day on the Open Plain.

NEW YORK, Sept. 24.—The Cuban revolutionary party was in receipt of important news from the seat of war Monday.

One of the letters received by Thomé as Estrada Palma describes a fiercely fought battle in which the Spanish were worsted and suffered a heavy loss. A Spanish who had escaped from a hospital at La Bimeta, near where the battle was fought, had gone to Quantanam and told the Spanish authorities there that Gen. Maeo was sick in the mountains and had only thirty men with him, which was not true. Gen. Maeo had quite recovered, he received word that a column of Spanish infantry numbering 1,200 men with a company of cavalry and two pieces of artillery had been sent to him. He ordered eight of his men to go forward and hold the mountain pass of Bacona, firing on everyone who approached. The pass is very narrow, and the rest of Gen. Maeo's forces were behind it. It was the only way to reach Maeo's position, and so commanding that a few men stationed there could keep a hot at bay. Before the Spanish forces arrived Maeo contrived to send word to his brother, Gen. Antonio Maeo, of his peril. On the evening of the 1st the Spaniards appeared.

The Spanish forces gained the pass, from which a body of men could protect the hospital, but were driven back again by a Cuban colonel named Cabral, who had been sent to him. After the Spaniards gained the pass, the rebels were driven back by Gen. Maeo. Matters were looking serious for the Cubans. Just then, however, a relief force under Gen. Antonio Maeo arrived and attacked the Spaniards in the rear. The Spaniards had gained the pass for the last time, but were forced to evacuate.

The Spaniards then found themselves attacked front and rear by the men under Gen. Antonio Maeo and over 100 of them were killed. Besides this, eight of them were wounded and carried away on stretchers. The Spaniards fled, but were headed off by Gen. Antonio Maeo while Gen. Jose Maeo was still in the rear.

Now the Spaniards were in the rear and renewed the fight in an open plain named Isuanahana, where they could use their artillery, but were completely routed. This defeat, the rebels said, was the Spaniards claimed as a victory. Some 200 men of the Spanish authorities satting pay, claiming that Maeo had been captured.

The Cubans had no cavalry, but made effective use of dynamite bombs, which, the letter states, struck terror to the Spaniards. In the engagement Cuban forces 40 men wounded and killed. The Spaniards lost over 300 men, 40 horses and a large store of provisions and munitions of war. The Cubans are still capturing stragglers and picking up arms near Moons

taim.

Diagnosed Bicycles.
PITTSBURGH, Pa., Sept. 24.—Officer Dawson, of Sewickley, Monday aware of information against six prominent young men of that place for violating the law, sent a telegram to the police. The young men were riding at a greater speed than eight miles an hour, the limit provided for and without bells. About twenty-five bicyclists riders Monday night showed their disapproval of Monday's action by ringing their bells down the streets of Sewickley with cow bells attached to their wheels.

Muddy Bloomers.

LITTLE ROCK, Ark., Sept. 24.—An excursion was given on the Arkansas river Sunday night in honor of Judge Wilson's decision that a woman could wear bloomers on the streets. The young men were riding at a greater speed than eight miles an hour, the limit provided for and without bells. About twenty-five bicyclists riders Monday night showed their disapproval of Monday's action by ringing their bells down the streets of Sewickley with cow bells attached to their wheels.

Muddy Bloomers.

LEWISTON, Idaho, Sept. 24.—An tornado swept over this city, blowing several million feet of lumber into the lake and river. Much of it was driven across the bay. Shingle trees were uprooted, dwellings were prostrated, store from broken and wires prostrated. Damage \$100,000.

Funerals and funerals.

PROMONTORY, Ill., Sept. 24.—The engine of a construction train on the Toledo, Peoria & Western railroad was derailed from some unknown cause near this city Monday and exploded, killing the two men who were on board. Both men live in this city and have families.

Robert Kneds' Execution.

ST. LOUIS, Mo., Sept. 24.—Bob Kneds has received notice that he will be executed from the American Trusting association, as a result of his arrest in Germany on the charge of "ringing" a horse. Kneds says he will protest the decision.

Their Wages Advanced.

WHEELING, W. Va., Sept. 25.—By an agreement between the building firm of Steel Works Co., at Belmont, W. Va., and its employes Monday, an advance of 18 and 10 per cent. in wages will go into effect at once. The advance affects 1,500 employes.

House Destroyed by Fire.

EAST TROY, W. Va., Sept. 24.—During the early morning hours the house of a local merchant was destroyed by fire, causing a loss of \$50,000. The guests made a safe escape, safely, but lost their valuable. The origin of the fire is unknown.

PEARLY'S PARTY.

Those Collected Are Very Pimble and Most Vested That Ever Before Obtained in the Northern Region.

ER. JOHN PEARLY, 24 years, 24th son, second in command of the Pearly's expedition, left here Monday, being offered passage on the cable steamer Minnie bound for Sydney, as it is imperative that he reach Chicago by Saturday morning. The date of the expedition will await the departure of the steamer Silvia which sails on Thursday, direct for New York. They will carry all their scientific collections, which they are busy preparing for shipment by mail. Their collection is a most valuable and more varied than any ever before obtained from the region visited. The party's collection of photographs is also unique, comprising several thousand and including every point of interest in and near North America.

The story about the recovery of the bones of some of the Greely party is not generally credited. Lieut. Peary was a representative of the United Press that there was no truth in it. The others of the party corroborated him. Nevertheless, the crew contend it is a fact that such remains were discovered.

THE EXECUTIVE BOARD

Or the Silver Conference. Next at Memphis for the Purpose of Naming Chairmen for the Several States.

MEMPHIS, Tenn., Sept. 24.—The executive board of the Silver Conference in Washington met at the Gayoso hotel in this city Monday for the purpose of naming chairmen for the several states. duty it shall be to superintend the organization of the silver forum with a view to securing the adoption of a national state and national conventions next year. The board is composed of Senator Harris of Tennessee, Jones of Arkansas; Turp, of Indiana; Gov. Stone of Missouri; Florida, W. H. Richardson of Illinois; Casper of Wyoming; Allam of Michigan; and others, with present exception of Senator Purple, who was detained at home.

FREAKS OR FAKES.

Some of the Things That Happen Only in Kentucky.

Mr. Jake Miller of Hancock county has 31 years old.

A mule with horse's ears is one of the curiosities that may be found near Smithland.

Captain County of Todd county has grown clover stakes this year that measures four feet four inches.

A small boy in Leslie county has found a snake that gives milk. This is related by the Surgeon general.

A pine and a half pound tomato is one of the big things off wheels that may be seen at Crescent Station.

The Hawesville Plaindealer says Tom Hull caught a rabbit that weighed 110 pounds, and had it in a book and a pair of saddlebags. Next!

Mr. Boyd of Woodleville, in Barren county, has a kitten that is never satisfied unless listening to music. When a string tune is played it expects a very gay party.

Some Kentucky agricultural wonders. A melon which tips the beam at 49 pounds, a tomato 24 inches in circumferencce, a pumpkin nine 35 feet in length, a corn stalk 18 feet high, an apple weighing 20 ounces, and a sunflower 40 inches in diameter.

Kentucky Mexican Veterans will hold their reunion at Nicholville October 10th.

Do the flies bother you? "Stick 'Em" Fly Paper catches all holds them. For sale at Schenck's Drugstore.

Of Interest to Ladies.

We offer no apology in placing before you our Ladies' Safe Protector. It is absolutely reliable, easily adjusted, does not become misaligned and is easily removed without ever knowing of another, and prevents disagreeable annoyances under certain conditions. If you use it you will never be without it. It is a valuable safe and may be easily removed if needed by special circumstances requiring its use.

It is an article every woman should keep ready for immediate use. It is simple to use, and insures safety to the women using it, and is a reliable and safe device to insure protection without injury to health, as any good physician would say. We are of the opinion that no article has ever been made which will give as much protection to the wearer of it as does the Ladies' Safe Protector.

The immense sales of this article is a substantial indorsement of our claim. Do not therefore experiment with any of the numerous umbrella articles, as both dangerous to health and often injurious. Such experimenting can only result in loss of time, disappointment and dismal failure. Ladies should remember this before ordering other and more expensive articles. This is the cheapest. The Ladies' Safe Protector is sold under a positive guarantee for use for one year. It is a safe, reliable article and in plain wrapper upon receipt of express money order for \$1.00. Do not wait but order at once. The La Crosse Specialty Co., La Crosse, Wis.

Rev. Dr. Talmage has decided to accept a call to the First Presbyterian Church at Washington.

Winchester has a football team. Surely Mayville's isn't going to be behind the procession in this important move for the undertakers?

The Baptist Church at Frankfort has done the handsome thing by their popular Pastor, Rev. W. C. Taylor, in making up a purse and sending him to Europe on a three months vacation. Mr. Taylor has had over 140 additions to his church during the past year.

An Oregon paper says that at a recent prayer meeting a Salem Minister said: "Will Bro. Smith please lead us in prayer?" Seven men arose and began praying at once. This embarrassed the preacher and he hurriedly said: "I mean Bro. John Smith. At this announcement one sat down, and five more got up and began praying." The preacher saw his mistake, said nothing and the eleven pray it out among themselves."

Jack W. Shewalter of Georgetown, an Mason county boy, the champion chess player, has signed articles of agreement to play for the celebrated S. Lipschitz, of Hungary, but now a resident of the United States. The contest takes place in New York City, commencing October 14th, playing three games a week and to continue until one or the other has seven games.

Don't Tobacco Spit Your Life Away

is the truthful, startling title of a book about tobacco, the author of which cautions tobacco-eaters that braces up uncleaned nerves, eliminates the nicotine poison, makes weak men gallant, virile and manly. Men should not smoke or drink, and women should not smoke. This book is sold at all Mayville drugstores, under guarantee to cure or money refunded. Book free. Address Sterling Remedy Co., New York or Chicago.

BIG PROFITS
ON
Small Investments.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Iris, Provisions and Stock.

\$10,000 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation

originated by us. All successful investors in Iris, Provisions and Stock use a regular system.

It is a well-known fact that there is a surplus of Iris in almost all of the United States who by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the user who invests a hundred or two hundred dollars up to \$100,000 or more.

It is also a fact that those who make the largest profits from comparatively small investments in Iris, Provisions and Stock, are the ones who have the best chance and invest through brokers who thoroughly understand systematic trading.

FOR CONVINCING PROOF, see our Manual on systematic speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard to our standing and success.

PEOPLE WILL TALK.

But the Fact Remains—It Takes Money to Move.

The Portsmouth Blade isn't anything if not an enthusiastic baseball paper.

It is talking of organizing a league of several cities it says:

"Gallipolis will organize a paid team for the next half season, and the Gallipolis papers talk of a trifling league, including such cities as Huntington, Ashland, Mayville, Ironton and Portsmouth. This would be a very clever and certainly an acceptable arrangement for us provided we could not do better. However, were it in any way possible to form a league such as The Blade suggested the other day, or as we once had including such cities as Springfield, Columbus, Dayton and Hamilton, with Chillicothe and perhaps Mayville to join on the circuit, the would be much more desirable from a financial standpoint. Such a league could not fail to be a winner in every way. The Blade would be a particularly desirable member, and if she don't break into the National League, which is hardly probable, she will probably be a welcome addition to this sort."

White Plains is numerically smaller than all save one of the towns mentioned above. It is particularly rich in baseball enthusiasm and enthusiasts. With a good club and a good park it would probably show a better attendance than any town in the circuit, unless, perhaps, it might be Columbus.

Several gentlemen are now working on the preliminaries looking toward such an organization. They will be ready to talk business in a short time."

The Only One To Stand the Test.

Rev. William Cope, whose father was a physician for over fifty years, in New Jersey, and who himself spent many years preparing for the practice of medicine, but subsequently entered the ministry of the M. E. Church, writes: "I am glad to testify that I have had analyzed all the sarsaparilla preparations known in the trade, but

AYER'S

is the only one of them that I could recommend as a blood-purifier. I have given away hundreds of bottles of it, as I consider it the safest as well as the best to be had."
